THESIS COMMITTEEⁱ

A thesis committee will be formed for each doctoral student during the student's second term of enrollment. This committee will comprise three professors, or four in the case of a thesis co-supervision. At least one of the members other than the thesis supervisor must be a professor at the School of Social Work. The thesis co-supervisor and one other committee member may be external to the School or the University of Ottawa.

Committee members will be selected by the thesis supervisor in consultation with the student and must be approved by the School's supervisor of graduate studies. The committee's role is to: 1) guide the student in preparing for the comprehensive examination or practicum, research project and thesis; and 2) to evaluate the comprehensive examination or practicum and the research project. The members of the thesis committee may be members of the thesis jury but there is no obligation in this regard.
